t. 416-601-7593

Wayne Prawl is a Junior e-Discovery Analyst in our Toronto office who assists the Litigation Support team in ensuring the safe and confidential processing and transferring of electronically stored data using enterprise and e-Discovery litigation software.

Wayne started with McCarthy Tétrault in 2020 bringing with him technical expertise from his time at Apple Canada Inc. He considers himself a lifelong learner, consistently looking for ways in which to tackle new problems, innovate and help others.

Wayne has a Masters of Science degree from University of Westminster in London UK, specializing in Cyber Security and Forensics.

In his spare time Wayne enjoys reading, music, swimming and trying out new restaurants.
