Product Manager, AI, Analytics & Data Science Solutions	Montréal	TECSYS

Biography

Vasco is a Pragmatic Marketing-certified Product Manager, with over 10 years' product management experience in enterprise software.

He is a seasoned industry professional with diverse technology and management experience in the software industry, including setting product vision, product direction and influence over cross-functional teams. At TECSYS, Vasco is a member of the Product Management team and is responsible for building and executing the Analytics, Artificial Intelligence and Data Science solution strategy. He is also a technology evangelist with a great passion for AI and IoT.

He has a Master's degree in Computer Science from Concordia University, specializing in AI and Machine Learning.
