

CONSUMER SMART TECHNOLOGIES AND PRIVACY LAW IN THE DECADE OF CHANGE

Date: Friday, February 7, 2020 | 1:30 pm to 4:30 pm

Location: OBA Conference Centre
20 Toronto Street, 2nd Floor, Toronto

Program Chairs: Imran Ahmad, Blake, Cassels & Graydon LLP
Avi Sharabi, Stieber Berlach LLP

3h 00m of Substantive Content

*The OBA has been approved as an Accredited Provider of
Professionalism Content by The Law Society of Ontario.*

As the adoption of “smart” technologies continues to accelerate, a fine balance must be achieved between privacy, data protection, and innovation. Join us as we bring together experts who will highlight some of the opportunities and help you navigate the legal challenges associated with consumer and industrial applications of smart technologies. Explore key innovations ranging from wearable technology, facial and voice recognition, and internet of things (IoT) devices, and their adoption to emerging smart cities. Learn to identify the legal pitfalls associated with the rollout of these technologies and how to avoid them with this helpful program.
